CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 2740

Introduced by Assembly Member Bonilla

(Principal coauthor: Senator Lieu)

February 26, 2014

An act to amend Sections 9810, 9812.5, 9830.5, 9832.5, 9847.5, 9849, 9851, 9853, 9855.9, 9860, 9862.5, ~~and 9863~~ 9863, *and* 9873 of the Business and Professions Code, relating to consumer affairs.

LEGISLATIVE COUNSEL'S DIGEST

AB 2740, as amended, Bonilla. Bureau of Electronic and Appliance Repair, Home Furnishings, and Thermal Insulation.

Existing law, the Electronic Appliance Repair Dealer Registration Law, provides for the licensure and regulation of electronic appliance and repair dealers by the Bureau of Electronic and Appliance Repair, Home Furnishings, and Thermal Insulation and makes a failure to comply with its provisions of a crime. Existing law establishes the bureau under the supervision and control of the Director of Consumer Affairs. Existing law requires the director to administer and enforce those provisions relating to the licensure and regulation of electronic and appliance repair service dealers and persons engaged in various businesses associated with home furnishings. Under existing law the

Governor is required to appoint a chief of the bureau to serve under the direction and supervision of the director, as specified.

This bill would extend the operation of the act to January 1, 2019, and would require that the powers and duties of the bureau, as provided, be subject to review by the appropriate policy committees of the Legislature as if these provisions were scheduled to be repealed on January 1, 2019. By extending the operation of some of these provisions, the violation of which is a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

- 1 SECTION 1. (a) The Legislature finds and declares all of the
- 2 following:
- 3 (1) The Bureau of Electronic and Appliance Repair, Home
- 4 Furnishings, and Thermal Insulation is within the Department of
- 5 Consumer Affairs, its mission is “to protect and serve consumers
- 6 while ensuring a competent and fair marketplace,” and its mandate
- 7 includes making protection of the public its highest priority in
- 8 exercising its licensing, regulatory, and disciplinary functions.
- 9 (2) The California Bureau of Home Furnishings and Thermal
- 10 Insulation was established in 1911 in Assembly Bill 547 (Ch. 73,
- 11 Stats. 1911) in response to unscrupulous manufacturing practices
- 12 in the mattress industry, which contributed to the fires following
- 13 the 1906 San Francisco earthquake.
- 14 (3) The California Bureau of Electronic and Appliance Repair
- 15 was established in 1963 under the Electronic and Appliance Repair
- 16 Dealer Registration Law in Senate Bill 1292 (Ch. 1492, Stats.
- 17 1963) in response to growing concerns to consumers and law
- 18 enforcement agencies about fraud and negligence in the television
- 19 repair industry.
- 20 (4) In 2009, Assembly Bill 20 (Chapter 18 of the Fourth
- 21 Extraordinary Session of the Statutes of 2009), officially merged

1 the Bureau of Home Furnishings and Thermal Insulation with the
2 Bureau of Electronic and Appliance Repair together to create the
3 Bureau of Electronic and Appliance Repair, Home Furnishings,
4 and Thermal Insulation.

5 (5) Today, the bureau licenses and regulates over 40,000
6 businesses, including businesses that engage in the repair of
7 electronics and appliances, the sale and administration of service
8 contracts, and the manufacture, sale, or maintenance of upholstered
9 home furnishings, bedding, and thermal insulation. In addition,
10 the bureau adopts regulations and ensures compliance with the
11 law; inspects businesses and conducts investigations; conducts
12 research on, develops standards for, and tests upholstered furniture,
13 bedding, and thermal insulation products to confirm they meet
14 specified standards; handles consumer complaints; and initiates
15 disciplinary action against businesses that violate statutory or
16 regulatory requirements.

17 (6) On March 10, 2014, the Assembly Business, Professions
18 and Consumer Protection Committee and the Senate Business,
19 Professions and Economic Development Committee (the
20 committees) held a joint oversight sunset hearing and prepared a
21 background paper on the bureau.

22 (7) While the hearing and the background paper found the
23 bureau in good standing, it also identified areas for followup and
24 requested the bureau to report back to the committees on specific
25 issues, which include all of the following:

26 (A) While the bureau is in good fiscal standing, its revenues are
27 projected to stay the same over the next few years and the cost of
28 doing business is projected to rise over time, potentially leading
29 to a long-term deficit. The bureau should report to the committees
30 any planned efforts to increase its revenues and reduce its
31 expenditures, and whether, or when, it might seek a statutory fee
32 increase in the future.

33 (B) For the 2013–14 fiscal year, the Bureau’s Electronic and
34 Appliance Repair Fund and the Home Furnishings and Thermal
35 Insulation Fund are expected to spend roughly 37 percent and 19
36 percent of their budgets, respectively, on the pro rata costs to the
37 department. The bureau should advise the committees about the
38 bases upon which pro rata costs are calculated, and whether it
39 could achieve cost savings by dealing with more of its consumer
40 complaints in-house.

1 (C) Currently, electronic and appliance repair and thermal
2 insulation licenses are renewed annually, and home furnishings
3 licenses are renewed biennially. The bureau should examine the
4 pros and cons of requiring biennial renewals instead of annual
5 license renewals for all licensees.

6 (D) In its last sunset review report in 1995, the department
7 studied both the electronic and appliance repair market and the
8 home furnishings and thermal insulation market to determine
9 whether regulatory activities were appropriate, necessary, and
10 should be continued, and recommended areas of deregulation and
11 areas to monitor in order to better target resources and evaluate
12 consumer risk and impact. The bureau should conduct market
13 condition assessments to study both of these markets and determine
14 if current statutes and regulations reflect the needs of the markets,
15 where risk to consumers is the greatest, where resources could be
16 refocused or expanded, and whether continued regulation is clearly
17 necessary across all segments of these markets.

18 (E) The bureau issues a separate furniture retailer license,
19 bedding retailer license, combination furniture and bedding retailer
20 license, sanitizer license, and custom upholsterer license. The
21 bureau may consider whether it should consolidate any of its
22 licenses, and whether it should continue to regulate, or issue,
23 stand-alone licenses to sanitizers and custom upholsterers.

24 (F) The bureau has reported high product failure rates, which
25 are primarily attributed to technical violations of flammability,
26 product labeling, and feather and down standards. The bureau
27 should reexamine its testing protocols to ensure that it has the
28 information it needs to appropriately identify areas of highest risk
29 to consumers, and reexamine its standards, especially feather and
30 down and product labeling standards, to determine if some
31 standards could be relaxed, presuming there is no appreciable
32 impact on consumer safety, whether standards should be clarified
33 or better advertised, or whether penalties for violations are too low
34 to act as a proper deterrent.

35 (G) The bureau is scheduled to go live on the department's
36 BreEZe system in late 2015. The bureau should update the
37 committees on the status of its implementation of BreEZe,
38 including whether the system will accommodate the bureau's
39 current and future needs.

1 (b) It is the intent of the Legislature that the bureau examine
2 and respond to the issues and recommendations specified in
3 subparagraphs (A) to (G), inclusive, of paragraph (7) of subdivision
4 (a) that were identified in the background paper, and report back
5 to the committees by July 1, 2015, with its findings.

6 SEC. 2. Section 9810 of the Business and Professions Code is
7 amended to read:

8 9810. (a) There is in the Department of Consumer Affairs a
9 Bureau of Electronic and Appliance Repair, Home Furnishings,
10 and Thermal Insulation, under the supervision and control of the
11 director. The director shall administer and enforce the provisions
12 of this chapter and Chapter 3 (commencing with Section 19000)
13 of Division 8.

14 (b) The Governor shall appoint, subject to confirmation by the
15 Senate, a chief of the bureau at a salary to be fixed and determined
16 by the director with the approval of the Director of Finance. The
17 chief shall serve under the direction and supervision of the director
18 and at the pleasure of the Governor.

19 (c) Every power granted to or duty imposed upon the director
20 under this chapter and Chapter 3 (commencing with Section 19000)
21 of Division 8 may be exercised or performed in the name of the
22 director by a deputy or assistant director or by the chief, subject
23 to conditions and limitations that the director may prescribe.

24 (d) Whenever the laws of this state refer to the Bureau of
25 Electronic Repair Dealer Registration or the Bureau of Electronic
26 and Appliance Repair, the reference shall be construed to be to the
27 Bureau of Electronic and Appliance Repair, Home Furnishings,
28 and Thermal Insulation.

29 (e) Notwithstanding any other law, the powers and duties of the
30 Bureau of Electronic and Appliance Repair, Home Furnishings,
31 and Thermal Insulation, as set forth in this chapter and Chapter 3
32 (commencing with Section 19000) of Division 8, shall be subject
33 to review by the appropriate policy committees of the Legislature.
34 The review shall be performed as if this chapter and Chapter 3
35 (commencing with Section 19000) of Division 8 were scheduled
36 to be repealed on January 1, 2019.

37 SEC. 3. Section 9812.5 of the Business and Professions Code
38 is amended to read:

39 9812.5. The director shall gather evidence of violations of this
40 chapter and of any regulation established hereunder by any service

1 contractor, whether registered or not, and by any employee, partner,
2 officer, or member of any service contractor. The director shall,
3 on his or her own initiative, conduct spot check investigations of
4 service contractors throughout the state on a continuous basis. This
5 section shall remain in effect only until January 1, 2019, and as of
6 that date is repealed, unless a later enacted statute, that is enacted
7 before January 1, 2019, deletes or extends that date.

8 SEC. 4. Section 9830.5 of the Business and Professions Code
9 is amended to read:

10 9830.5. (a) Each service contractor shall pay the fee required
11 by this chapter for each place of business operated by him or her
12 in this state and shall register with the bureau upon forms
13 prescribed by the director. The forms shall contain sufficient
14 information to identify the service contractor, including name,
15 address, retail seller's permit number, if a permit is required under
16 the Sales and Use Tax Law (Part 1 (commencing with Section
17 6001) of Division 2 of the Revenue and Taxation Code), a copy
18 of the certificate of qualification as filed with the Secretary of State
19 if the service contractor is a foreign corporation, and other
20 identifying data to be prescribed by the bureau. If the business is
21 to be carried on under a fictitious name, that fictitious name shall
22 be stated. If the service contractor is a partnership, identifying data
23 shall be stated for each partner. If the service contractor is a private
24 company that does not file an annual report on Form 10-K with
25 the Securities and Exchange Commission, data shall be included
26 for each of the officers and directors of the company as well as for
27 the individual in charge of each place of the service contractor's
28 business in the State of California, subject to any regulations the
29 director may adopt. If the service contractor is a publicly held
30 corporation or a private company that files an annual report on
31 Form 10-K with the Securities and Exchange Commission, it shall
32 be sufficient for purposes of providing data for each of the officers
33 and directors of the corporation or company to file with the director
34 the most recent annual report on Form 10-K that is filed with the
35 Securities and Exchange Commission.

36 (b) A service contractor who does not operate a place of business
37 in this state but who sells, issues, or administers service contracts
38 in this state, shall hold a valid registration issued by the bureau
39 and shall pay the registration fee required by this chapter as if he
40 or she had a place of business in this state.

1 (c) This section shall remain in effect only until January 1, 2019,
2 and as of that date is repealed, unless a later enacted statute, that
3 is enacted before January 1, 2019, deletes or extends that date.

4 SEC. 5. Section 9832.5 of the Business and Professions Code

7 no more than 12 months after the issue date. The expiration date
8 of registrations shall be set by the director in a manner to best
9 distribute renewal procedures throughout the year.

10 (b) To renew an unexpired registration, the service contractor
11 shall, on or before the expiration date of the registration, apply for
12 renewal on a form prescribed by the director, and pay the renewal
13 fee prescribed by this chapter.

14 (c) To renew an expired registration, the service contractor shall
15 apply for renewal on a form prescribed by the director, pay the
16 renewal fee in effect on the last regular renewal date, and pay all
17 accrued and unpaid delinquency and renewal fees.

18 (d) Renewal is effective on the date that the application is filed,
19 the renewal fee is paid, and all delinquency fees are paid.

20 (e) For purposes of implementing the distribution of the renewal
21 of registrations throughout the year, the director may extend, by
22 not more than six months, the date fixed by law for renewal of a
23 registration, except that, in that event, any renewal fee that may
24 be involved shall be prorated in such a manner that no person shall
25 be required to pay a greater or lesser fee than would have been
26 required had the change in renewal dates not occurred.

27 (f) This section shall remain in effect only until January 1, 2019,

5 the director of jurisdiction to proceed with any investigation or
6 hearing on a cease and desist order against a service dealer or
7 service contractor or to render a decision to suspend, revoke, or
8 place on probation a registration.

9 (b) This section shall remain in effect only until January 1, 2019,
